

THE TILLER

Lake Worth Sailing Club, Est. 1935
July, 2020

Commodore's Corner

An informal memorial gathering for Bob Crow will be held immediately after the Celebration of Life ceremony at Biggers Funeral Chapel on Saturday. Lake Worth Sailing Club members will meet at Holcomb's Hideaway. We will be playing Bob's playlist. Kevin Williams will be reading some submissions from some of our members. If anyone else would like to share stories, that would be great. Jennifer and some of the family have decided to join us as well. We will be social distancing and we encourage members and guests to wear masks.

I have parts ordered for both the gate and the lighthouse; they should be here next week.

We are still in the process of cleaning up the trailers on the hill. We have identified all boats and trailers at the club and we've even run the plates thru the Marshall's office. All red-tagged trailers are for sale. They are \$250 each and those that are not sold, will be cut up and sold for scrap.

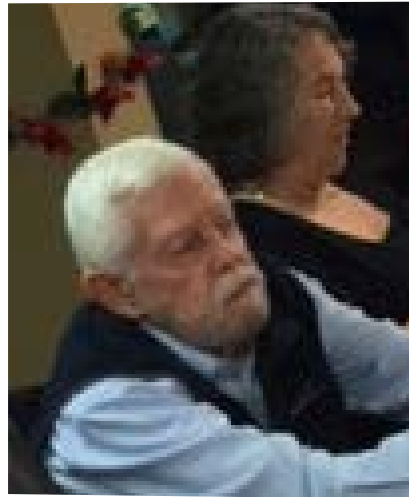

We have not scheduled any work parties this year due to the current situation. That does not mean that there isn't work to do. If you would like to be involved from a distance, talk to Ted Hubble (Vice) or Brian McMillan (Rear) or myself (Flops).

We are still accepting submissions for by-law changes. Most of the by-laws are ok, some need to be defined better. If you have any thoughts or changes you would like to see, please submit them to the board.

The lake is still open, the weather has been decent and the wind has been nice.

Hope to see you soon, be safe, be responsible

Aaron Brandt, Commodore

Bob was preceded in death by his parents; and brother, Montgomery. SURVIVORS: Wife, Jennifer; four children; five stepchildren; and 19 grandchildren.

From The Vice Commodore

Several members have volunteered to do work on their own schedule at the club. I support this. The committee boat has been refurbished almost completely by a select few members. The painting of the fence and some buildings has taken place in the same manner. Until we can get together to work without having to social distance there is still work to be done. If there is a job that you can do on your own please step up. We will furnish materials and supplies. Please let me know what it is that you wish to do and what materials you require and I will coordinate with you or delegate authority to someone who can.

Ted Hubble, Vice commodore

From the Treasurer

Reminder to mail checks or any correspondence to:
LWSC, P.O. Box 137512, Ft Worth, TX 76136

Please try to pay your monthly dues/fees by the 10th of the month.

Please read any emails from lwsc76135@gmail.com and look at your monthly invoice. We still have members paying the wrong amount. Update your bank auto drafts information to make sure you are drafting the correct amount.

I've mailed statement letters and I've emailed members who are in arrears but we still have members with outstanding balances. If you have documents showing payment has been made, get those copies to me so I can credit your account. At this time we have 10 members in arrears.

Thank you to those who have responded and gotten your accounts up-to-date. If you have any questions you can contact me or Aaron.

Thanks,

Cheryl Springer, Treasurer

- Ted stated his objection to the lack of flexibility in the bylaws regarding moving boats off property when sold.

Discussion regarding a recent request to remove a boat that was sold was handled without flexibility was due in part to fractured communication and lack of a stated timeline. The Board will address both issues in their upcoming proposals for revisions to the by-laws. Suggested timeline is 30 days

to 6 weeks from the date the title is legally transferred and a log of all transactions be compiled to assist in tracking which boats and trailers are on the property.
